Explanation

PROJECT AWARE: -HIV Counseling and testing During the 2020/2021 fiscal year, the Project Aware program reached all its objectives despite the many challenges we faced due to the COVID-19 pandemic. Project managers worked tirelessly to compensate for the lack of turnout at the different locations identified for testing. The myths and taboos within our communities about HIV/AIDS played a role in the low participation rate at certain locations in the EMA. To increase the success rate of identifying individuals who are HIV+, the myths and taboo still need to be addressed. Overall, the Project Aware program was very successful because despite the many challenges faced, many in the community were given an opportunity to get tested for HIV and to know their status. A big emphasis during the year was on "Ending the HIV Epidemic". We provided 574 HIV screening and testing during the year. Through various outreach activities, the Center reached 9,649 individuals.
